7 LESLIE NACHMAN,

8 Plaintiff,

Case No. 2:13-cv-00319-MMD-PAL

9 vs.

ORDER

10 REGENOCYTE WORLDWIDE, INC., et al.,

11 Defendants.
12

13 The court conducted a hearing on February 11, 2014, regarding the parties' Stipulation and
14 Order to Extend Discovery Deadlines (Second Request) (Dkt. #51). Jason Gerber appeared on behalf
15 of the Plaintiff, and Gabriel Grasso appeared on behalf of the Defendants. Counsel for Defendant
16 Intecellular Sciences advised the court that he had recently been in contact with his client who had
17 agreed to provide the information necessary to respond to Plaintiff's outstanding discovery requests,
18 responses to which are long overdue. Plaintiff recently filed two motions to compel which may become
19 moot if full and complete responses are provided. The time needed to complete discovery will be
20 affected by the completeness of the overdue discovery responses, and/or whether the responses provide
21 information that will require follow up discovery.

22 The court therefore indicated that it would set a hearing consistent with the completion of
23 briefing on the motions to compel and address a discovery plan and scheduling order at the hearing.

IT IS ORDERED that:

- 24
25 1. A hearing on the Motions to Compel (Dkt. ##56, 59) is scheduled for **Tuesday, March**
26 **4, 2014, at 9:30 a.m., in Courtroom 3C.**

2. At the hearing the court will address the parties proposed extension of the discovery plan and scheduling order deadlines and enter an appropriate scheduling order.

Dated this 13th day of February, 2014.
